

“Whispers behind the wall”• premiers on TV

Description

Last night *Whispers behind the wall*• one of our latest feature film projects premiered on German television ZDF. Main German newspaper FAZ praised it as *Horror Hitchcock style*• starting as a funny shared apartment story that develops into a first class thriller with a femme fatale rarely seen in German feature film. You can read the full review [here](#).

For all those that missed the film, it will be still available for a few days on ZDF's on-demand video

platform. Here is the [direct link](#).
