

Danio head out on the highway

## Description

It's hard to fully enjoy the open road when hunger pangs strike! Particularly if they happen to take literal hell-raising gremlin form. Fortunately Danio know just the tasty ticket to vanquish the little beggar.

This particular fiendâ??s hard-rocking style called for something special â?? in this case, Montreal-based DJ Champion. We knew the tough electronica/bluesy rock blend of his head-nodding hit â??No Heavenâ?? would be just the black-hearted cherry on top.
