

StudentskÃ½ chocolate lifts off for love

Description

Celebrating the 40th birthday of the best-selling StudentskÃ½ fruit and nut bar with a raft of prizes for chocoholics in Slovakia and the Czech Republic, Orion chocolate confected a joyously bright and

buoyant spot drenched in colour.

We added to the delight with a sweet but textured indie track from Mimic. Czech and Slovakian citizens should check out the competition â?? everyone else can satisfy their sweet tooth with the sunny, balloon-filled spot.
