

Tracks & Fields at the 2015 Berlinale Crew Call

Description

Photo: Florian Erdle

We were delighted to be music hosts for this year's Berlinale Crew Call at the Kulturbrauerei, which gave some of the folks behind Germany's movie magic a chance to let their hair down before a fun but strenuous cinematic week kicked off in earnest.

Filmmakers and industry bods of all stripes rubbed sharply-dressed shoulders, and Parlez-vous anglais? got those shoulders bopping with their infectious disco pop. Check out their tunes [here](#), and find more photos from the event [here](#)!

We hope you're having a wonderful Berlinale too!
