

Go Margot provide a sensual soundtrack for Nivea’s latest online campaign

Description

Nivea's new shower cream is silky and stylish just like the campaign's soundtrack. Our music supervision work saw the placement of "Paint The Sky In Gold" by Go Margot, a favourite amongst the Tracks & Fields team.

This British based electronic synth-pop duo ooze style and class. With captivating *Goldfrapp*-esque vocals and powerful driving synths, "Paint The Sky In Gold" is the perfect sync gem, adding a sparkle to Nivea's already colourful campaign.
