

Sync Recap: Sun, Sand and Summer Placements

Description

Hot sync summer is well underway here at T&F. Weâ??ve had lots of great projects come through in the past few months. Here are a few that you may have missed:

Planet India â?? Supervision & Licensing

Director Kenji Ichihara made this film from footage of his 2019 trip to India, showcasing his amazing eye for a great shot and the perfect edit. We licensed â??Wild With Youâ?? by Suede Police, bringing even more energy to the fast cuts of Indiaâ??s hustle and bustle.

Onitsuka Tiger â?? Supervision & Licensing

Onitsuka showed off their AW2021 collection to the slick 80s synths of â??Bird Attackâ?? by Raguul. Get ready to bring style to the slopes.

VW â?? Supervision & Licensing

VW display the features of their latest iD model for the Chinese market in this fun, energetic product film. We licensed the ultimate driving track in the shape of â??We Areâ?? by Noontides.

T-Mobile â?? Supervision & Licensing

For T-Mobile in the Czech Republic we licensed Summertime by Adam Saunders for their special spot celebrating the Tokyo Olympic Games taking place this summer.

Mainichi Newspaper â?? Supervision & Licensing

We sourced and licensed â??Around The Bendâ?? by Holborn Circuit for Japanese newspaper Mainichiâ??s TV campaign.

Quark â?? Production

We produced a composition for Chinese search engine Quarkâ??s latest film. Gentle guitar and uplifting vocals accompany the spot, showing the potentials of curiosity.

E.ON â?? Supervision & Licensing

E.ON generate the power of collectivity with their latest spot. We licensed Ed Patrickâ??s â??So Glad I Got Youâ??, providing warmth to the family focused film.

T-Mobile â?? Licensing

In Slovakia we licensed a Slovak cover version of â??Rain Rainâ?? by Simon Butterfly for T-Mobileâ??s spot celebrating the beauty of the countryâ??s landscape (and the curse of tourist traps).
